### REASONS FOR ALLOWANCE

1. Claims 1-4 and 6-9 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable over the prior art for at least the reason that the prior art fails to teach or reasonably suggest, "wherein a size and a pitch of arrangement of at least one kind of prisms of the plurality of kinds of prisms are selected so that bright lines of translucent lights exiting the prisms are invisible, wherein said plurality of kinds of prisms comprises at least a first kind of prism and a second kind of prism, and the first and second kinds of prisms are arranged alternately with respect to each other" as set forth in the claimed combination. Claims 2-4, 8 and 10 are also allowable based upon their dependence on claim 1.

Claims 6 and 7 are allowable for the reasons provided in the previous office action. Claim 9 is also allowable based upon its dependence on claim 6.

The prior art of record teaches a sheet light emitting apparatus comprising a light guiding plate a light source and a prism structure, said prism structure including plural kinds of prisms having different apex angles. However, the prior art of record does not teach the size and a pitch of arrangement of at least one kind of prisms of the plurality of kinds of prisms are selected so that bright lines of translucent lights exiting the prisms are invisible, wherein said plurality of kinds of prisms comprises at least a first kind of prism and a second kind of prism, and the first and second kinds of prisms are arranged alternately with respect to each other or that the prism structure having the relation claimed and there is no motivation or teaching to modify this difference as derived.
